Porzingis & Warriors Payments

Why the Warriors stopped paying Porzingis (as reported Nov 4, 2026)

Contract: 2 years, $40M; $20M salary this season; $3M guaranteed in year 2.

Status: changed from "general illness" to "not with team".

Payments: semimonthly payments not being delivered; Porzingis not disputing it.

Contract not being voided; trade options explored through Feb. 11 deadline.

Porzingis reportedly leaning toward ending his NBA career; nothing official.
